

it's SinkTastic!® *Strainer and Stopper*

The market's first and only flexible thermoplastic strainer/stopper for the kitchen sink.

Seven decorator colors to co-ordinate with your kitchen decor.

SinkTastic's patented design

- J · Easy to use - simple one-hand open and close operation.
- J · See instantly whether it's open or closed.
- J · Higher end look than metal basket strainers.
- J · Replaces old-fashioned metal with a thermoplastic splash of color.
- J · Covers up damaged sink flanges.
- J · Fits all drains and waste disposers.
- J · Requires no plumbing - just drop it in!
- J · Imbued with antibacterial agent and fresh scent.
- J · Matches our colorized acrobatic faucet sprayers for even more decorative punch.
